400 years

**Only the tactics changed.  
not the faces...**

Today we are still oppressed by people who are unescapably linked genetically to there murdering ancestors, searching endlessly worldwide to find any excuse to kill, or hunt just for sport.

1916, Anthony Crawford of Abbeville, S.C., a black cotton farmer who owned 427 acres of prime land and had started a black school in the area and a union for nubians.

He was stabbed in the back, beaten by over 200 white men, who placed a noose around his neck, dragged him 3 blocks to the fairgrounds, where they lynched and then shot him over 200 times, because a white man did not want to pay his price for his cotton. His family was vanished, his land stolen divided or sold? The associated press has documented over 60 violent land takings by whites [ of coarse hundreds were not documented ] against blacks.

2002 In the dairy farm land of Putnum County Ga. there is a secret order of confederate judges, lawyers, building inspectors, and especially the sheriff. **Sheriff Howard Richard Sills** plotted to steal the nuwaubian congregations soverin land. Leading to the Brutal ambush, kidnapping, torture, and the most inhumane imprisonment and abuse ever of a foreign diplomat in this country. This indigenous spiritual leader Rev. Malachi Z. York was sentenced to 135 years on only heresay allegations of sexual abuse. Started by the hate filled and racist Sheriff Sills, who aligned himself with over 200 heavily armed federal and state agents and deputies. He used these allegations as an excuse to justify invading the beautiful 476 acre Egyptian Village, with 3 lakes, hills, and a stream. Finding no evidlance of any thing illegal and well aware Rev. York resided in Athens Ga. 50 miles away and had sold this property. What was the purpose? It only confirmed there evil intention was always to steal the land. Leaving the babies homeless, hundreds of weman, elders, and children totally abandon. No services or support offered. All this is justified because of never proven allegations of child abuse. no bail, no council, they changed his name to dwight sealed all documents and bounced him around to over 10 prisons, until finally sent to the worst prison in the America the super max in Colorado. this is the true story from Oculmegee court systems of middle Georgia to a secret guarded court down the road to Brunswick Ga.

In this **PAA MEDJAYU DAKRUN NEWS ISSUE, VOL. I, EDITION 3** You will learn The Truth about the Kidnapping, incarceration, over-sentencing, persecution and brutal treatment of a innocent African and Original American, His Excellency Dr. Malachi Kobina York, a Nubian Spiritual Master possessing many Divine Attributes and therefore known by many names:

  - (2). Malachi Zodok York
  - (3). Aaferti Atum Re
  - (4). Nazdir: Amun Nub  
ReAkh Ptah (Djedi)
  - (5). Malachi Kobina York

**ARRESTED MAY 8th**

### **1942**

On May 8<sup>th</sup>, 1942 he was arrested in Washington, D.C., by the FBI on charges of "Sedition".

At roughly the same time, more than eighty (80) members of the Chicago Muhammad's Temple No. 2 were taken in under the same charge by FBI agents \*working with local police. One of the arrested temple members said the officers "tore the place apart trying to find weapons hidden inside", since they believed The Nation of Islam was connected with the Japanese.

The sedition charge against Hon. Elijah Muhammad was based on the Nation Of Islam Temple's anti-draft stance and was applied for blatantly racist and political reasons. However, the Government authorities failed to mention the real reason was because they were concerned about "The Motherplane

**Doctrine** "and how Elijah was teaching that "it was constructed underground on The Island of Nippon (i.e. Japan), and that it's destiny and purpose was to destroy America with powerful bombs that were equipped with drills on their tips, capable of carrying the bombs a mile deep into the Earth before exploding and bringing up a Mountain over a mile high. The Mothership also carries smaller Scout Ships aboard it that had the capacity to dispatch 3 bombs each."

Now When Pearl Harbor was attacked in 1942, Japan's ("Day of Infamy"), it caused the United States to enter into World War II. This culminated on May 8<sup>th</sup>, 1942 with The Arrest of the Honorable Elijah Muhammad and some of his Followers.

Well, They Always told us, "Truth can be Stranger than Fiction"

Their arrests, persecution and subsequent incarceration in Federal Prison until the end of the war, greatly enhanced their status as true martyrs for the cause of Freedom, Justice and Equality for The **Nation Of Islam** (N.O.I.). This year, May 8th, 2009, we find **Dr. Malachi Z. ## THE SIGUI

The Dogon Tribe of Africa were just another obscure African group until 1972 when Robert K. G. Temple published a book that related one major practice, **The Dance Ceremony** known as the “**Sigui**”. Operating among the **Dogon** is a **Mask Society**. After a male child is recognized as an adult, each carves himself a mask that is worn during the funeral services, and for an elaborate dance, the **dama**, during which the men are on 12-foot stilts.

“**The Sigui**” happens only once every 60 years and marks “**The Renewal of the Generations**” or “**The Beginning of a New World Cycle**”. It also marks the rebirth of the white dwarf star near the star Sirius, also known as “**The Dog Star**”.

The Heavenly Alignments and the opening of The Vortexes have great significance in the Life of Our Ancestors of Ancient Egypt.

“...Our original (family) roots we knew was down South in Georgia, in a place called Al-Tamaha, right?...We wanted to be near our own Tribal Ancestors: The Old Ones...” – Transcribed in part from an interview with Paa Nadir: Amun Nub Re Akh Ptah Djedi Shil Paa Hanutu from the Isle of Patmos CD series.

We all remember January 2004 in Brunswick at the Federal Courthouse walking pass over 300 automatic assault weapons carried by Confederate law enforcement agencies for the 19 days of illegal court proceedings transplanted from the Middle District of Georgia. Aha! But do you know or have you forgotten about the mothers, daughters, sisters, fathers, sons, husbands and friends, one family of Nuwaupians known as the Gullah Geechees (Negroids) from West Africa who inhabited and built the historic Coastal Empire and Low Country (Carolinas, Savannah, and Brunswick) that were already there working behind the scenes to free our Master Teacher? There are many “Kharudtun Shil Nazdiru” Children of the Watchers who have be persecuted to become casualties of war for standing up for H.E. Dr. Malachi Kobina York and Wu-Nuwaupu.

(Continued next page 6)

Let us go behind the scenes for another part of Our-Story that is seldom communicated or even known amongst us, those whose head is bloody but unbowed. We are in the love of All and Love (Ashug) is in us.

Rev. Zack Lyde, Community Activist & Harry Lyde, Retired Police Officer organized and sponsored housing, food, prayer vigils, radio broadcast, transportation, and introduced Brunswick community and St. John's Missionary Baptist Church to the Nuwaupian family of Dr. Malachi Z. York before and after the trial. These brothers organized the TOES program - The Other Economic Summit also referred to as The Greedy 8 Alternative Summit, which was an alternative to the G8 Summit in Sea Island, Georgia a few miles from impoverished and environmentally damaged inland towns of Glynn County that afforded the opportunity for Nuwaupians to tell the Truth of Dr. York's case to the International and Independent Media worldwide in the summer of 2004. For this, Harry Lyde was falsely accused of improperly touching 2 children (who denied it ever happened) and incarcerated for 100 years in Baldwin County! Sounds Familiar, Think About It.

A lawsuit filed by **Tshakamalik Al-Kush (Hon. Shakur Atum Re)** and a collaborative radio broadcast coined "**Shouting From The Mountain Top**" per the Brunswick 2003 Christmas Parade defended Our Master Teacher, Nuwaupian Tribe and affiliated organizations while exposing Confederate persecutors like Judge C. Ashley Royal, Sheriff Howard Richard Sills, Brunswick local government and media outlets associated with the United States Middle District Court of Georgia – Macon Division conspiracy. Mrs. Edna Johnson, Police Chief for the City of Brunswick penned the statement for the record "I appreciate the professionalism of this organization. You enhanced the parade this year." For standing up to support The Master Teacher, teaching Wu-Nuwaupu everywhere, operating the All Eyes On Egipt Bookstore in Savannah, organizing within the Nuwaupian family, and building unity with community activist/leaders (NOI and NNBP) this brother was terminated as a Civil Engineer, Assistant Director of Public Works, and Sanitation Administrator and white-balled for over 3 years. Character assassination and economic instability perpetuated by Taniym Khy (Tama-hu, Caucasians) have not stopped Nuwaupian brothers and sisters from working to help Dr. Malachi Kobina York even to this day. ## DR. MALACHIYORK'S FAMILY HOLDS PRESS CONFERENCE IN WASHINGTON,

**Dr York's Family, Supported by Nuwaupians, Held Press Conference in Washington, D.C.**

FOLLOWING A URGENT CALL FOR MEDIA ATTENDANCE AT A PRESS CONFERENCE HELD ON MAY 7 & MAY 8, 2009 AT DEPARTMENT OF JUSTICE, IN WASHINGTON, DC TO ADDRESS THE DOMESTIC TORTURE AGAINST MALACHI KOBINA YORK BY THE U.S. BUREAU OF PRISONS.

M.K. York is a 63-year old federal prisoner being held in the custody of the United States Bureau of Prisons (BOP) at the United States Penitentiary, Administrative Maximum Facility located in Florence, Colorado after unlawfully being sentenced in rural Georgia on Martin Luther King's Birthday January 19<sup>th</sup> 2004, violating Rule 56 of the Federal Rules of Criminal Procedure by holding court on a Statute Holiday as defined in 5 USC § 6103.

Mr. York was ill prior to his detention on May 8, 2002, having been diagnosed with HANE in 2000. HANE is a rare, potentially fatal genetic disorder typified by the rapid swelling (edema) of the skin, mucosa and sub-mucosal tissues which can be deadly if left untreated

Mr. York is being medically **Tortured** at the hands of the **U.S. Bureau of Prisons (B.O.P.)** who have repeatedly denied treatment and forcibly prescribed medications which exacerbate HANE. His symptoms include swelling of the throat, migraine headaches, extreme breakouts of hives, nausea, and seizures triggered by the Hydrochlorothiazide being prescribed to him. During the course of Mr. York's incarceration, medical record assessments have demonstrated a continued downward spiral of his health, with each dramatic change of weather, the prolonged harsh conditions of his confinement, the incessant denial of treatment for HANE by prison medical professionals, and persistent lack of appropriate medical care. If Mr. York does not receive proper treatment, respiratory arrest or suffocation is more likely than not to occur, resulting in death.

Although she is no longer actively involved in the litigation of the medical transfer, Attorney-at-Law Leta R. Holden of Holden Law Offices, PLLC, received a copy of hand-written documentation in the past 72 hours that Mr. York suffered another severe attack on or about March 5th, 2009.

**Dr York's Family and Nuwaupian Supporters in Front of The White House (Left) on Friday, May 8th, 2009, exactly 7 years from The Day of his Arrest on May 8th, 2002 in Milledgeville, Georgia.**

This attorney has endorsed this letter for immediate release as Mr. York is in urgent need of hormonal treatment for Acute Hereditary Angio-Neurotic Edema (HANE) and is being tortured having been given Hydrochlorothiazide, in pill form, known to induce attacks from the disease.

## WASHINGTON, D.C. PRESS CONFERENCE

**His Excellency Malachi K. York** has led a life of positive leadership in his community. As a spiritual teacher who has been teaching for over 35 years, Mr. York emerged out of the civil rights movement and chose to assist in the empowerment of African American people worldwide. He is the author of over 400 books on race relations, language, religion, and the culture of African-Americans. His books have been widely read and studied by icons in the entertainment business from Stevie Wonder, Jay-Z to Jill Scott, Erykah Badu to Musiq Soulchild, and countless other musicians, moguls and music executives.

**President Barak Obama's** Executive Order banning torture and prisoner abuse in Guantánamo Bay urgently needs application within America's prisons and jails. **The Department of Justice** should be diligent to carry out its responsibilities to investigate injustices and prosecute abusers where warranted. Disregard for basic human rights of institutionalized persons points to an urgent need to address human rights abuses occurring *within* America. Join us on May 7 and May 8, 2009 at 3 pm in front of the Department of Justice, 950 Pennsylvania Avenue NW, Washington DC for an official press conference to raise awareness about the domestic torture of M.K. York & to stop domestic torture within U.S. prisons.

## Dr Malachi Kobina York

### TORTURED

By Khnum Ka Ankh

**It can be clearly seen that His Excellency; Consul General Dr. Malachi Kobina York is a victim of torture after being incarcerated in the USP Atlanta Georgia Federal prison upon his court appearance on May 9<sup>th</sup> 2002.**

Torture is an instrument of interrogation that is widespread in the state, local and federal prisons throughout the United states. To quote an excerpt from a U. N. report on Torture:

“...the torture of prisoners in the United States is widespread, the U.N. Committee Against Torture found. The committee of 19 Human rights experts found egregious violations, including the use of stun belts, and restraint chairs on prisoners, prison chain gangs and sexual assault of female prisoners and detention of minors. These common practices in U.S. prisons violate international law, namely the **United Nation’s Convention Against Torture**, which the United States ratified in 1994. . . . .

(Continued on next page 9)

## Dr. MK York **TORTURED**

The UN Committee, which oversees and monitors actions of Parties to the Convention, also conveyed its alarm about the number of cases of mistreatment Perpetrated by police against civilians and for similar violent incidents in the U.S. Prison System. The Committee recommended that the US abolish Electro-Shock Stun Belts and Restraint Chairs as methods of restraining those in custody. It also expressed concern about the excessively harsh regime of 'super maximum' prisons."

A Former FBI Agent who went Undercover With al Qaeda told a Senate Hearing that The Extreme Bush Torture Regime was 'ineffective'. A former FBI Interrogator of an Al Qaeda leader told a U.S. Senate Hearing Committee that extreme techniques used by the Bush administration were 'ineffective, slow and unreliable', and often caused the prisoner to stop talking. Soufan said his team had to step aside when Central Intelligence Agency contractors took over using simulated drowning, sleep deprivation and other harsh methods.

He said those techniques caused the prisoner to 'shut down'. Soufan testified before a Senate Judiciary Subcommittee, holding the first hearing on extreme interrogation methods since the Obama administration last month released Bush administration legal opinions that justified the techniques.

He said former Vice President Dick Cheney has suggested 'There was good information' obtained from the extreme methods.

The United States government has consistently applied torture methods on state, local and especially federal prisons; consequently, which have conveniently tucked away federal prison inmates in the aforementioned "Supermax" prisons, which were intentionally built in remote, far away places in each state. These Supermax Prisons were and still are "Factories of Torture" that were able to inflict diabolical techniques of physical, emotional, and mental torture techniques that had basically gone unnoticed in applying their methods of torture until the investigation and reporting of such Prison Inmate Advocacy groups as the American Friends Service Committee, and the American Civil Liberties Union, which had submitted many class action suits and other legal actions against the Federal Bureau of Prisons on behalf of the prison inmates and also on the basic principles of the violation of an American Citizen's Constitutional rights.

The incarceration of His Excellency; Dr. Malachi Kobina York, is a classic example of this inhumane treatment that needs to be exposed to the general public. The fact that Dr. York suffers from a life-threatening disease; Acute Hereditary Angio-Neurotic Edema (HANE). HANE is a rare, potentially fatal genetic disorder typified by the rapid swelling (edema) of the skin, mucosa and submucosal tissues. His medical condition has been virtually ignored by the Federal Bureau of Prisons and as a result, legal action has been taken on behalf of Dr. York to remove him from this torturous condition.

It must be OVERSTOOD; by the Nuwaubian community and the general public that this policy of torture comes from the top; specifically, right from the desk of former President George W. Bush. The residue of this torture policy is still being fought against by the Nuwaubian community to free our Master Teacher and Guide; His Excellency, Dr. Malachi Kobina York.

(Continued on Next Page 10)

"I have said repeatedly that America doesn't torture, and I'm going to make sure that we don't torture," President Barack Obama told **"60 Minutes"** Steve Croft in his first national television interview since the Nov. 4 elections put him in line to become the United States' 44th president. "Those are part and parcel of an effort to regain America's moral stature in the world."

## **DR MALACHI YORK'S MEDICAL EMERGENCY**

On March 27<sup>th</sup> 2007, H.E. Consul General Dr, Malachi York went on an emergency basis from **Florence ADX Supermax Prison** in Florence Colorado, to **Parkview Medical Center** in Pueblo, Colorado. Medical records dated March 27<sup>th</sup> 2007 Indicated that he has a tortuous Aorta. Separate records dated March 27<sup>th</sup> 2007 Indicated that he had an abnormal EKG.

The above incidents were taken from transcripts of Federal Court records from H.E. Consul General Dr. Malachi York's legal pleas for recognition of his Diplomatic Immunity Status. This blatant ignoring the valid status of a Liberian Naturalized citizen and Diplomat will have International and world repercussions. If the Federal government is allowed to ignore H.E. Consul General Dr, Malachi York's status, then no foreign diplomat in the United States is safe. Reciprocally, how will this reflect on the treatment of our U.S. Diplomats overseas? Especially, in the African countries?

It is requested that this serious matter is investigated as soon as possible, as H.E. Consul General Dr; Malachi York is suffering from a life-threatening disease (HANE). In one of your Presidential addresses, it was mentioned that there would be a better approach to foreign relations by the United States government. We would trust that this is the case.

Thank you for all of your efforts to bring about a change for the better in America.

Respectfully.

# Rev. Al Sharpton

Rev. Malachi York, alongside Rev. Al Sharpton prepare to address the nubians on Nuwaubia about the racism experienced in Putnum County Ga.

came in defense of racist injustices all around this country. He spoke to a crowd in Eatonton Ga. Putnum county about Rev. York and the Nuwaubians: "Strange days and this is Georgia. When I was growing up they wanted black folks to stay off to themselves. Now y'all done that, it seems like they still ain't satisfied. They didn't want you downtown so y'all moved out of the city all the way out here, I don't even know where I am. You don't want us in the country. You don't want us in the city. You don't want us next door. You don't want us at all. We are not gonna walk away and kill ourselves so you can be satisfied. They call us everything but a child of god and are mad at us for what? Standing up for our own rights the media says what are they doing with those pyramids, we built the pyramids we are not inferior negroes we are the original people of the planet we are the ones made in God's image. I can't love God and deny that God made me as a reflection to him. I know why

you're afraid cause you know who you are and you are afraid we will not sit by and allow the right to religion or speech to be violated as long as God is in charge. It doesn't matter who the sheriff is if you don't believe God is in charge, why is everybody running now from CYCLOPES? The God I worship can get everybody's attention tell the sheriff to turn the hurricane around".

Al Sharpton is very familiar with lying white folks. On Nov. 27th 1987, a 15-year-old high school student was found beside a highway in Dutchess County, N.Y. She was semi-conscious and half frozen, Tawana Brawley was smeared with human feces and wrapped in garbage bags outside the Pavilion Condominiums in Wappingers Fall, New York. She later explained that six white men had abducted and repeatedly raped and tortured her over the course of four days. Parts of her hair were cut off, her pants were burned, they had scrawled racist slurs and the initials KKK on her body, then left her for dead. One of them she said had a police badge. What did those at the pinnacle of state power do? They demonized and criminalized Tawana, her family, lawyers and advisers. Eleven months after the attack, a grand jury of 23 people—21 of them white—dismissed the horrific violence as a hoax?? She did all this to her self? You believe that??

Monroe, N.C. 1958, a jury acquitted a white man of raping a pregnant black woman in front of witnesses, including one of her young children? Watch this one in this same city that bred Jesse Helms. Hanover Thompson was sentenced to 14 years in prison for rape, because a white girl kissed him on the cheeks. He was 9 years old?? When Rev. Wright said: "God damn America" we understood, because what kinda man would you be if you didn't?? Before the Civil War, courts routinely ruled that it was legally impossible for a white man to rape a Black woman. Today through media and politics, most Blacks still embrace pre-Civil War law. This results from brainwashing and many blackwomen endure a secret shame and hopelessness every single day by being victimized by a white man Alton Maddox attorney for Twanna Brawley was barred for defending her and successfully sued for defamation? He made this point....

In 400 years, no white man has ever gone to prison for raping a Black woman. Either Black women are not sexually attractive to white males or Black women find white men sexually irresistible. Even though a white man was charged for sexually molesting a dead deer on the highway no charges against molesting a human being merely because they are black. Only two attorneys in the history of American jurisprudence have ever sought to secure justice for Black females raped by white men, both were destroyed by the white media. In the Duke Lacross case The D.A. Nfong was publicly humiliated more so because he was looked upon as a traitor. Presently the whole team is suing the city for millions. a black woman or man has no rights whomever tries to save them will be crucified. So now these serpent children are rewarded and where are the Jena 6? You call this justice? They are rewarded for evil against nubians.

1931: Cornelius Rhoads, a pathologist from the Rockefeller Institute for Medical Research, purposely infects human test subjects in Puerto Rico with cancer cells; 13 of them die. Though Rhoads gives a written testimony stating he believes that all Puerto Ricans should be killed, he later goes on to establish the U.S. Army Biological Warfare facilities in Maryland, Utah and Panama, and is named to the U.S. Atomic Energy Commission, where he begins a series of radiation exposure experiments on American soldiers and civilian hospital patients.

1963: Chester M. Southam, injected Ohio State Prison inmates with live cancer cells in 1952, performs the same procedure on 22 senile, African-American female patients at the Brooklyn Jewish Chronic Disease Hospital in order to watch their immunological response. He claims he doesn't obtain informed consent from the patients because he does not want to frighten them by telling them what he is doing, but he nevertheless temporarily loses his medical license because of it. His punishment... he eventually becomes president of the American Cancer Society. Ya better wake up whats left for the devil to do before you except he is the devil. They are the serpent seed. Genesis 15

Federal Judge Kenneth Karas imposed the maximum sentence suggested to former Olympic track star Marion Jones' ignoring her lawyers' plea deal request for a probation-only sentence. What's the real reason why they're plotting to stick her in Federal Medical Center Carswell?, located on the Naval Air Station, Joint Reserve Base in Fort Worth? The fastest woman in the World. No doubt a healthy woman mentally and especially physically this particular prison specializes in medical and mental health of prisoners? No doubt they have taken a blood sample, under the disguise of making sure she is drug free and clean.

'Dolly' the cloned sheep, and subsequent other animal cloning is the deception, a smokescreen to counteract the news getting out now about cloned leading politicians, presidents, world leaders, extremely rich and famous, or superior soldiers cloned from top athletes, and cold blooded psychopaths.

Cloning: The oldest recent reference to cloned humans was in the 1940s by Adolf Hitler. Hitler was a demon influenced by Aryan beings called Pleiadans, he was influenced by the 8th of the 200 fallen angels, whose name being Hittia a disagreeable being that seeks to run the planet by defected albino leperous beings..

**MALCOLM X LITTLE**      **HON. ELIJAH MUHAMMAD**

The American jails are overflowing with our young African-American men between the ages of 16 to 25 years of age!

"The movements that we know on the part of the Black community in the 1960s ... one of the favorite ways of breaking them was to infiltrate them and then to get something on them—the people in these groups. Then, of course, to see that they were tried, prosecuted and incarcerated. This goes all the way back to Marcus Garvey, so in the 20th century this has been a standard technique," is a statement of Dr. Walters.

**CONSIDER:**

Hon. Elijah Muhammad wanted to Separate and be Equal Under Law

Rev. Martin Luther King wanted Integration & Civil Rights

Hon. Marcus Garvey wanted to Return to Africa (Exodus)

His Excellency Malachi K. York Wants Divine Truth For All (FREEDOM)

The American Government has worked consistently to persecute, slander and harass all of the above leaders for what they represented, based on racist economic exploitation and white bigotry.

## MILITANT AFRICAN AMERICAN GROUPS

All who advocated bearing of arms for Self Protection such as the BLACK PANTHERS, etc. were murdered or locked up by sinister Federal Agents in collusion with American local law enforcement agencies who entrapped them and at times, assassinated them as well.

## **More Money, More Problems**

By Brother Weserkaf Sokar Hotep

It would seem more money would result in less problems right? Or not? This is solely because money equates debt. All money from the US and many major countries have their money loaned to them from the Federal Reserve Bank (The Fed). As America continues its path of destruction as other countries follow suit, the masses must realize that money is and has always been a means of slavery, hence the term "Wage Slave". On the face of a dollar bill it says "THIS NOTE IS A LEGAL TENDER FOR ALL DEBTS, PUBLIC AND PRIVATE", clearly stating it's a form of debt. To repay all debt there would be no money in circulation. Their plan, the private owners of The Fed, is to render all nations to a submissive state (debt) in order for one world currency, the **Ameros**. This form of currency is already in circulation.

John F. Kennedy was assassinated ironically after their attempt to pull away from the Federal Reserve Bank to create a national independent, debt-free currency. Abraham Lincoln planned to create a debt-free currency called the "Green Backs" and hindered The Federal Reserve from implementing their debt-based currency in the nation, thus he was assassinated. Andrew Jackson was attack and survived and assassination attempt by a man named Richard Lawrence who indirectly claims his motivation was for the economy. Most likely it was for Andrew Jackson's steps toward detaching from central bank to avoid national debt.
